RE: Fare Enforcement Data

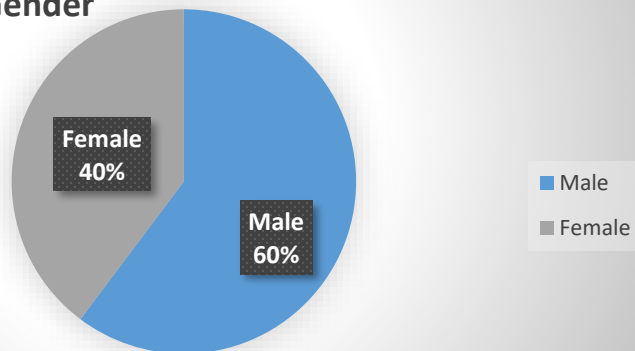

Ken, as requested below is the fare enforcement data, this data covers all contacts (warnings, citations, and theft cases) generated by Fare Enforcement since 05/01/2015.

In total there were 214,645 contacts:

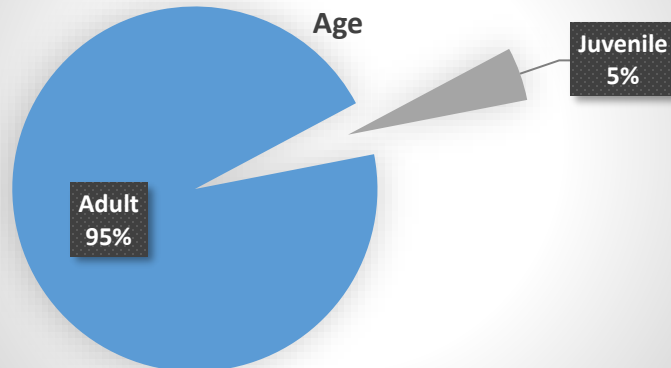

Citations	19,027
Warnings	193,693
Theft cases*	1925

*Theft cases generated by fare enforcement and sent to KCSO for review.

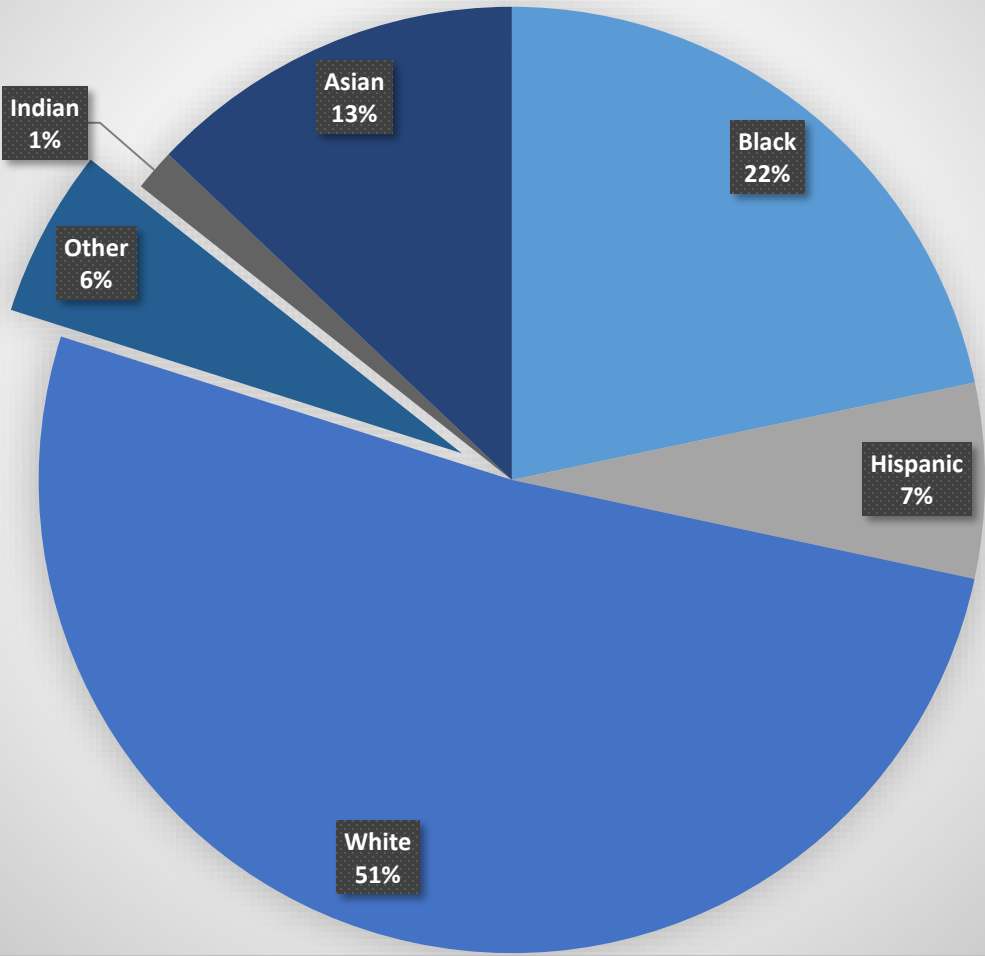

Warnings, citations, theft cases
May 5 2015 to July 31 2019
-Gender

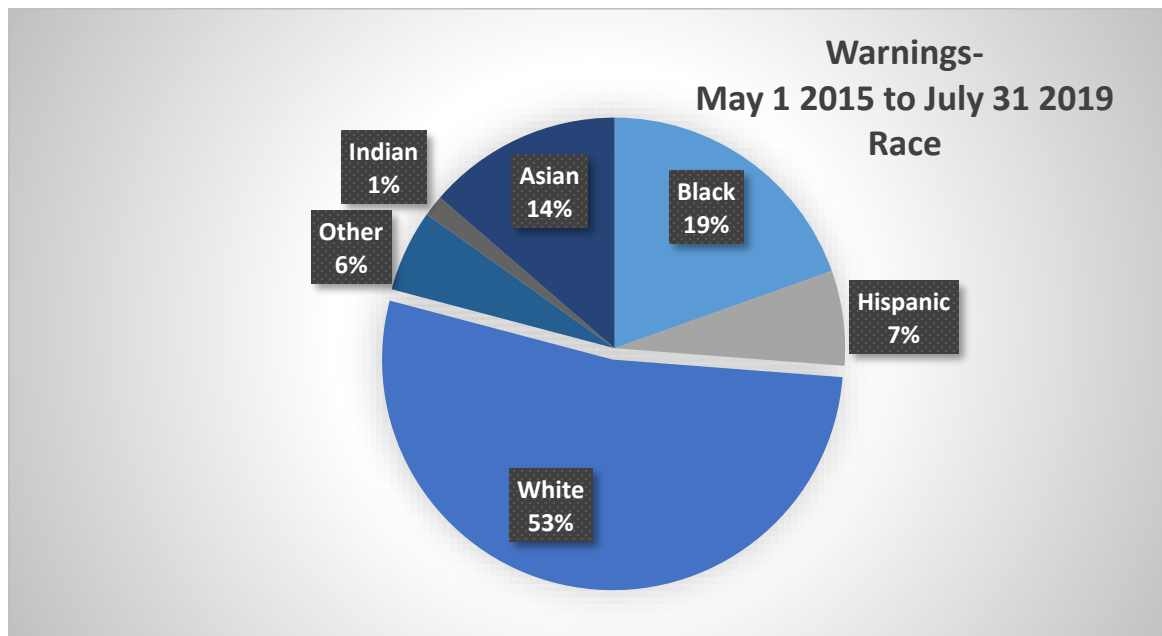

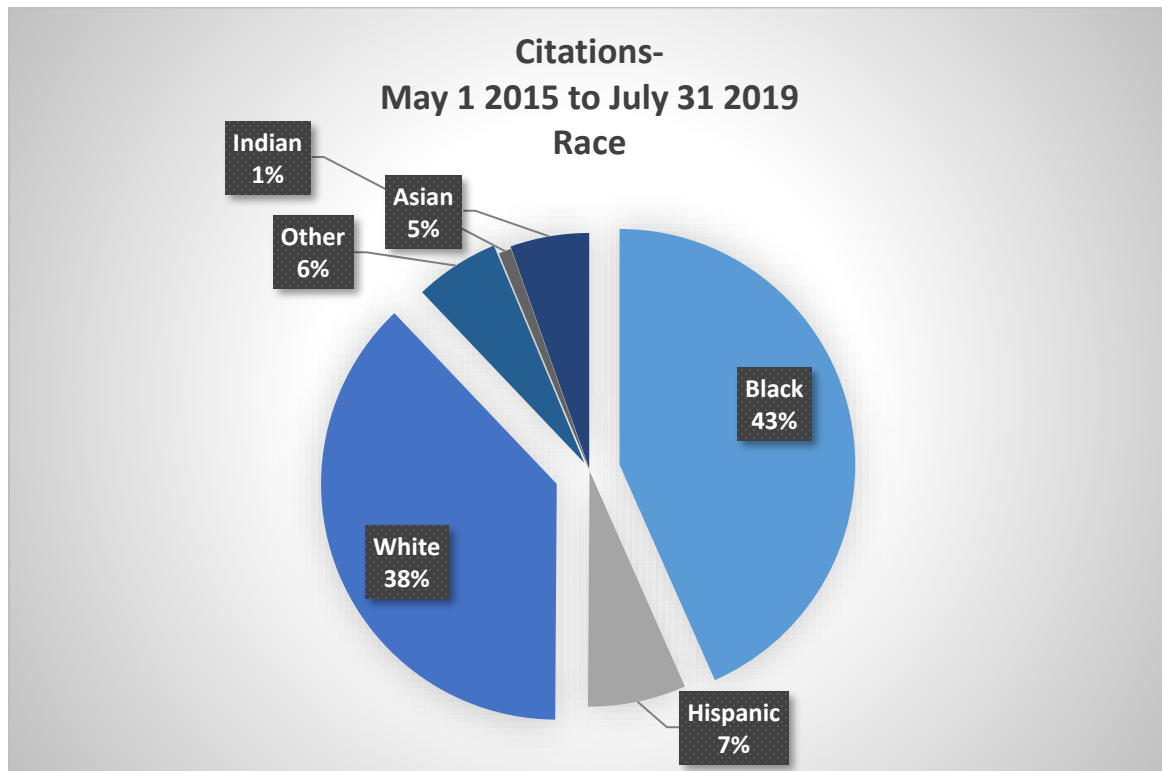

Warnings, citations, theft cases-
May 1 2015 to July 31 2019
Age

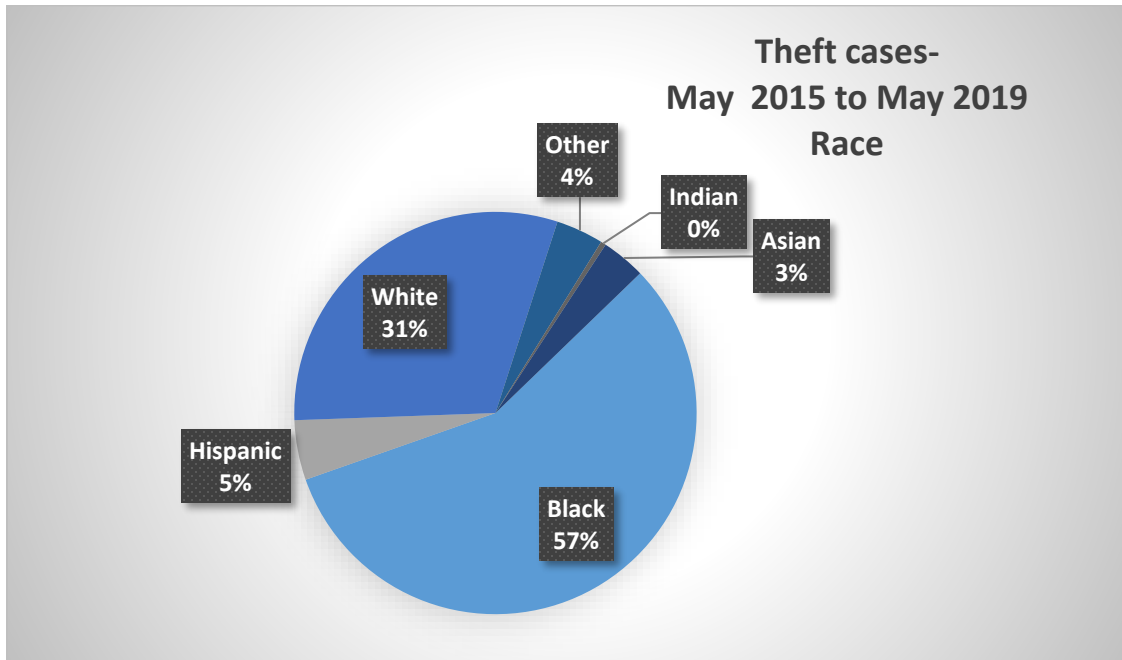

Warnings, citations, theft cases -
May 1 2015 to July 31 2019
Race

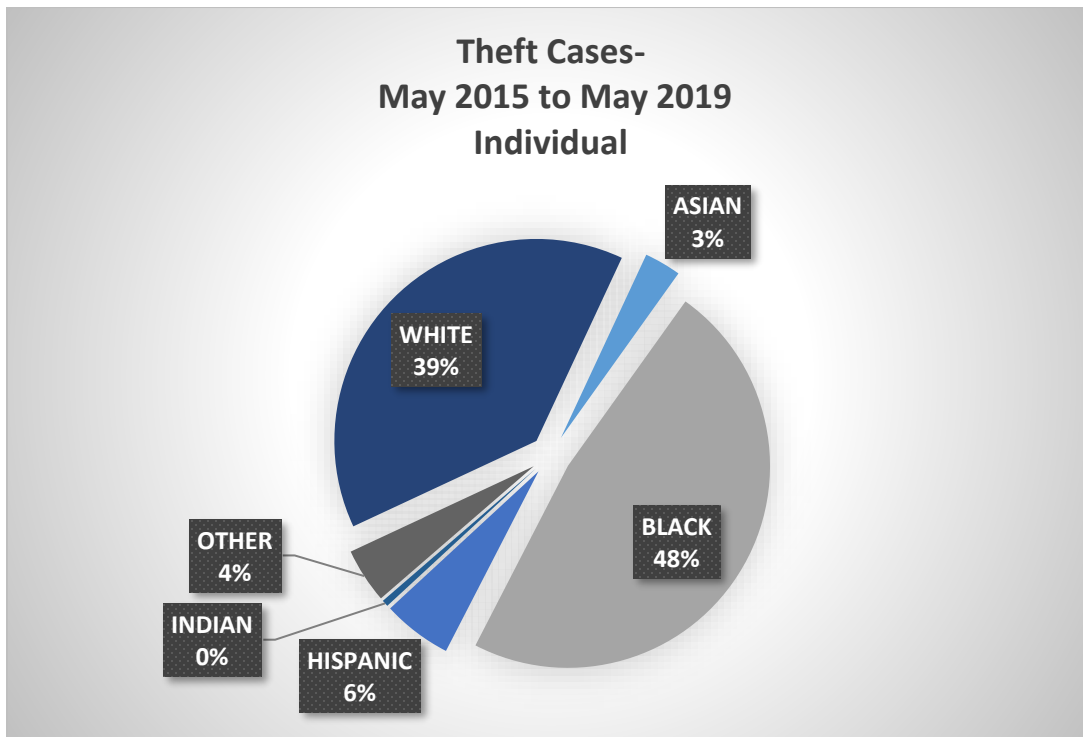

The above charts represent the demographic split indicated of the total number of the respectively labeled chart.

The above chart represents total count of theft cases, it does not account for individuals with multiple cases.

The above chart represents individuals only- regardless of number of repeat occurrences.
